

KLove helps me to get through everyday with their awesome worship music and comments. I would not be able to listen to KLove should it be required to change to LPFM, as I believe many others would not as well and would affect many lives. I think that in this fast paced, some what crazy world we live in people need a station like KLove to "ground" them and have them be able to refocus their lives to God and their families. PLEASE DO NOT CHANGE OUR KLOVE STATION!
